### **Additional Information:**

The MS in Applied Behavior Analysis provides students with the coursework required for eligibility to take the BCBA® Board Certification exam. This degree is well-suited to those in teaching, social work, mental health, criminal justice, and behavioral services fields. Additional requirements to take the BCBA® Board Examination include a graduate degree and supervised fieldwork. Fieldwork is not required as part of the MS program and must be obtained independently of the program. The program will provide advice to students seeking options for such supervision. Supervised fieldwork, according to the Behavior Analyst Certification Board, Inc.® may not begin until the first course in the approved sequence (ABA 513) has been started. Please see the Behavior Analyst Certification Board, Inc.® website at [www.bacb.com](http://www.bacb.com) for further detail about degree and fieldwork requirements.
